Facts and figures

Bergen media tech companies had 18 spinoffs in 2016, and more than 80 media tech companies presented innovations to the market. Media City Bergen™

The brand new Media City Bergen™ will be a melting pot for developing new, state of the art media technology. Its partners include major companies such as TV2, Vizrt, Vimond and local newspapers. Media City Bergen™ will serve as a leading international hub for media and technology innovation, launching an excellent media lab for innovation and research as well as a business development incubator.

Media City Bergen™ will feature Europe's most modern TV studio. Here you can use a media lab and collaborate with companies in the cluster to test your products and services.

Media tech competence in Greater Bergen

To keep up with progress and changes in technology and markets, companies need to foster innovative thinking. We now see an immense technological development at the intersection between media and ICT.

The environment in Bergen is at the forefront of this progress, and the Bergen cluster is home to exciting companies in fields such as:

- Augmented reality (AR)
- Immersive graphics
- Virtual reality (VR)
- Real-time 3D graphics
- Studio automation
- Interactive TV
- IoT/Smart City Tech

The companies in the cluster attract people from all over the world, creating an inspiring and exciting international environment. R&D and business opportunities

The collaboration between the universities in Bergen and the companies has been vital to developing the media tech cluster, aided by the cluster organisation NCE Media. Greater Bergen holds many investment opportunities and offers an excellent environment for your media tech company.

Please contact us for further information and assistance for finding your location in Greater Bergen.
